

HF Power Amplifiers

HF Power Amplifiers 500 W & 1 kW HF Codan 3061 and 3062

CODAN HF Power Amplifiers are reliable, affordable and designed for use with our CODAN NGT HF transceivers. The CODAN 3061 and 3062 provide 500W PEP and 1000W PEP output power respectively, and are suitable for voice and data operation.

HF Power Amplifier SG-500 500 Watt

The SG-500 HF Amplifier is designed to do exceptional service in fixed, mobile, and marine applications.

Military HF Amplifier Q-MAC QM9201M 150 Watt

The Q-MAC HF-150M HF Power Amplifier increases the output power of HF-90M transceivers to 150 Watts PEP across the HF HF-90M HF Transceiver frequency band. The HF-150M is designed for applications where medium power tactical communications is required. Applications include land mobile vehicles, tracked vehicles, patrol boats and base station installations.
